# Connect / 2020

Linking the downtown tunnel to the Eastside

For 10 weeks starting in January 2020, Link tracks will close in downtown Seattle to connect existing service with new East King County service. During this period, known as Connect 2020, light rail will run at a reduced frequency, and riders continuing through downtown Seattle will need to switch trains at Pioneer Square Station. Riders will need to plan for crowding and increased travel times. These changes will prepare Sound Transit to serve riders travelling to and from 10 new East King County stations starting in 2023. **Come learn about this transitional period, ask questions so you are able to help your clients and constituents, and prepare for what comes next for light rail!**

**When:** Friday, September 6th, 2019 from 10:00 am to 12:00 pm.

**Where:** Union Station (401 S Jackson St, Seattle — 1st Floor, Ruth Fisher Boardroom) | Check in as a guest at the Sign-In Desk first.

**RSVP:** Since space is limited, we encourage you to RSVP by **August 30th, 2019** at <https://bit.ly/2Yw3JZ4>

**Accessibility:** Request accommodations by **August 19th, 2019** by contacting us at: [mobility@hopelink.org](mailto:mobility@hopelink.org) or 425-943-6729

**Travel Options:** Numerous bus lines, light rail service to the Chinatown-International District light rail station, drive, or carpool.
