The Intercultural Leadership Development Program—which includes an introductory webinar, the Intercultural Development Inventory (IDI) assessment and one on one debrief, and a 3-day intensive cohort learning and skill-building retreat—is valued at \$1,500 per person. In recognition that this fee may present a hardship to some firms who are nevertheless committed to investing in the work, AIA Seattle has reserved \$6,000 total in scholarship funds to be made available on a first come/first served basis (as long as applicants meet the basic registration criteria). Please carefully consider the value of the ILP program, assess what you are able to pay, and return the completed form below as soon as possible, as registration space is limited to 30 participants for this pilot program.
